

Borrowing

Let us help you take the next step

Your borrowing options

We have a choice of personal loans and credit cards. Maybe you're looking to borrow for a larger purchase? Or do you need a card that suits you when shopping at home or abroad?

Credit cards

Credit cards can be a good option for borrowing in the short term. They can help with your everyday spending or when you're paying interest on a credit card balance elsewhere. Many cards come with useful benefits like interest free periods, cashback or could help you save on fees abroad.

You can choose to make large or small repayments each month. Just make sure you pay the minimum amount we ask you to. But remember, interest charges can build up if you don't pay your balance in full each month.

You can find out more about how credit cards work at santander.co.uk/personal/credit-cards

Eligibility checker

You can check if you're likely to be accepted for a Santander credit card by using our eligibility checker at santander.co.uk/personal/credit-cards. This won't leave a record on your credit file and we'll even give you an idea of the credit limit you might get. You can then decide if you want to apply. Once you submit your application, we'll do a credit check on you. This will leave a mark on your credit file which will remain for 12 months.

Personal loans

A personal loan may suit you for large, one-off purchases such as a new car or home improvements. You can use it to help you spread the cost.

Or refresh your finances by bringing all your existing debts into a single fixed monthly repayment. It gives you the security of regular monthly repayments over a set period of time. This could help you to budget with certainty.

You can get an idea of what your repayments could be by using the loan calculator at santander.co.uk/personal/loans

Eligibility checker

Before you apply, we can check your chances of being approved for a loan. This check will not impact your ability to get credit elsewhere.

You can then decide if you want to apply. Once you submit your application, we'll do a credit check on you. This will leave a mark on your credit file which will remain for 12 months.

Already have a personal loan with us?

If your borrowing needs have changed since taking out your original loan with us, there are two options available to you:

- 1 Top up your existing loan** – your new loan will pay off your existing loan and any amount left over will be paid directly into your bank account. You can only apply for this option in branch or over the phone. You'll still have 1 monthly repayment.
- 2 Take out a separate loan** – keep your existing loan going and apply for a separate loan for the extra amount you want to borrow. In this case you'll have 2 monthly repayments to make.

If you're thinking of moving your Santander Personal Loan to another provider, please contact us as we can review your borrowing needs. We may be able to find another solution for you. You can ask for a settlement figure at any time. We'll send you a breakdown of the settlement figure, including any charges.
